 **FUSION FURNITURE**  
INTERIOR SOLUTIONS SINCE 2005

---

# — HERE AT FUSION

Our student team have many years experience dealing with universities, PBSAs and student HMOs, and what we know for sure is that providing a reliable service for our student accommodation partners is of critical importance. Holding good stock levels and sourcing locally is in part how we can ensure the reliability of our service. We know how tight the student accommodation window can be – we will provide you with a reliable service you can trust.

We also make our own bedroom furniture, which brings a number of advantages. We control our own stock levels, so can quickly and easily ramp up our stock holding dependant upon fluctuating demand, for example, over the busy summer period.

Sustainability also plays a major part of our business. Our student accommodation customers will see this through our efforts to procure ethically-sourced student furniture. And for our bedroom furniture we make ourselves, this whole operation is within Greater Manchester, thus avoiding all the environmental implications of shipping in furniture from Brazil, China and from elsewhere around the globe.

We've recently taken our sustainability credentials one step further, and we have just introduced a new sustainable crib 5 waterproof mattress to the market. It's made from 95% recycled materials, and we're aiming to get this to over 98%.

Better still, it is also 100% fully recyclable. Mattresses are a particularly nasty product to dispose of and we're proud to play our part in reducing our carbon footprint and the impact on the environment.

And last but certainly not least is the personal customer service you'll receive. Our friendly Student team understand this market and the elements that are most important to you. Whether simply needing to replace furniture, or you have an upcoming refurbishment project, we'd love to hear from you so please get in touch.

# — **FUSION** SERVICES

Providing the solutions to remove those unwanted headaches. We have tailored our services around the things most important to our customers.

---

01

### **FREE DELIVERY & INSTALLATION**

All delivery and Installation services are free nationwide for orders over £2,000. It's also free below £2,000 within a 25 mile radius of Manchester. Orders between £500 – £2,000 have a £50 delivery charge. And orders below £500 have a £150 delivery charge.

02

### **REMOVAL & DISPOSAL SERVICE**

Helping to remove the headaches by removing the old whilst we're there installing the new.

03

### **REPLACEMENT-PARTS SERVICE**

A selection of our furniture has a quick and straight-forward replacement-parts service available. A much more environmentally friendly and cost-effective solution.

04

### **MINIMUM 3 YEAR WARRANTY**

All our products have a minimum 3 year warranty, with the exception of mattresses, mattress protectors and TV's, which range from 12-18 months. Many products have warranties longer than 3 years – please refer to the Product Descriptions.

05

### **100% MATTRESS RECYCLING**

To avoid the harmful environmental impact of mattress disposal we guarantee every old mattress we remove will be 100% recycled.

06

### **FREE KEY COLLECTION**

To aid convenience for our customers, we are happy to collect keys on your behalf at no extra cost.

# BEDROOM COLLECTION

... Our bedroom range provides

both durability and long-lasting comfort, whilst also offering a selection of designs to appeal to a variety of tastes and price-points.

Of particular importance are our new sustainable 'ReFORM' eco-friendly crib 5 foam mattresses. This solution has long been needed across the Student market and now our 'ReFORM' contract mattresses offer a way to reduce the terrible impact of disposing of mattresses into landfill. They are over 95% constructed from recycled materials and better still, are 100% fully recyclable.

Plus our foam mattresses last longer than the usual open coil sprung mattresses, so can be replaced less often, causing less disruption and saving money. Our zipped 'ReFORM' mattresses take things a step further, as just the covers can be replaced, further supporting your sustainability efforts, whilst also reducing costs considerably.
